

BILLIE K MUSHONGWI

SOFTWARE ENGINEER

email: billiemush@gmail.com

contact: +263 77 825 1156

website: webrako.co.zw

I am a goal-focused software engineer with 5+ years of experience in solving complex problems through code. While I enjoy working collaboratively, I can also run projects independently. My passion is writing clean and scalable code that produces classic and yet user-first designs and solutions.

WORK EXPERIENCE

Full Stack Web Developer (Freelance) Webrako (2019-Current)

- Designed, developed and maintained 20+ client web applications and websites.
- Collaborated on a high-profile project to build an e-Learning Management System for the Judicial Services Commission of Zimbabwe under the auspices of UNDP.
- Crafted acclaimed designs for a 30-day campaign to improve Zimbabwean web applications which I showcased on LinkedIn and Instagram.
- Led the development of an e-commerce app with a Django backend and React frontend.

Software Developer N Richard's Group (2018-2019)

- Created an online shop template for N Richard's Tynwald.
- Consulted with management on how the web app would work and look like.
- Collaborated and consulted with Mindroidzim on the integration of a payment portal for the site.

IT Tutor Arise Group Of Colleges (2016-2017)

- Planned lessons for students providing 20+ hours a week of tuition.
- Provided feedback on assignments and retaught trouble areas.
- Assimilated an e-Learning Management System on the school's network server.
